

Planning for your child's Learning Journey

Next week we will be focusing on _____ W/b: _____. We will observe them while they play to find out more about their interests and how they are progressing. Your child's key person will be supporting them with their next steps in learning.

Your child's current next step is: _____.

During your child's "Focus Week" you will receive observations through eyLog which will be based on your child's interests and some observations will be linked to your child's next step.

Please complete this form and return to your child's key person on the first session they attend next week. This will help us plan for your child's learning and help us answer any questions you may have regarding your child's development.

Please take a few photos over the weekend of your child/family enjoying activities out of nursery. We value the knowledge and understanding you have of your child and would really appreciate if you could add these photos to eyLog so they can be shared with everyone on return to nursery.

Is there anything significant happening in your child's life at the moment eg. Visits, holidays, new pets, family celebrations?
Is there anything you would like to tell us about your child?

Do you have anything you would like to ask the staff about what your child is doing at nursery, how they are progressing, who they play with, etc?

This form will be completed once a term. Your child has a 'Focus Week' over a two week period over the term (one week per half term)
